

EXPERIENCE DAMANHUR IN CALIFORNIA

Damanhur is a spiritual community and a United Nations recognized model for a sustainable society in Damanhur, Italy. "To walk in Damanhur is to walk through past, present and future. Ancient mysteries and the forgotten wisdom of great civilizations coalesce with a fresh, tech-infused vision of an evolving potential future."

JOIN US as we welcome Crotalo Sesamo, Damanhur's global ambassador and the initiator of the spiral project. During his week-long stay in November, Crotalo will be facilitating workshops, offering healing sessions and readings, and bringing some of Damanhur to California. He will also have some Selfica jewelry and paintings for sale.
