

# DAMANHUR SPIRALS

IN THE FOOTHILLS OF THE SIERRA NEVADA MOUNTAINS

CONNECT THE LAND into a planetary network of Damanhurian spirals, positively energizing the Earth. Everyone participates in constructing the spirals by holding and touching every stone placed, offering blessings for all of humanity and all the realms of the earth. All are invited to walk the completed spiral and as you do, your subtle energy fields are rebalanced, your aura is re-energized and your sensory channels are cleansed.
